Emma Troni

Digital product designer focused on UI/UX and web design

Based in Venice (IT) | Open to relocate in Europe

I work across research, interface design and front-end implementation. I'm currently building a design system for a training-management web app, and have led projects from user research to shipped interfaces in Figma, Webflow and code. My engineering studies shaped a systems-thinking approach to design.

Work experience

Vaglio&Partners ↗
Sept 2026 - Present
Freelance

Product Designer (Track the Training)

- Building a design system for a training-management web app, to be integrated into the existing product
- Developing accessible design system components and variables aligned with WCAG 2.2 AA, ensuring usability across complex interfaces, including dashboards, admin panels, and monitoring tools

Seres srl ↗
Feb 2026 - Aug 2026
Freelance

Brand identity designer

- Full rebrand of a heritage-restoration firm: logo system and visual language; authored the brand manual and communication guidelines

Vaglio&Partners ↗
Sept 2024 - Feb 2025
Freelance

Brand identity & web designer

- Designed and developed the corporate website end-to-end, from information architecture to production, with React, Vite, and TypeScript.
- Delivered the brand identity: logo, palette and print collateral

Selected projects

Explore projects ↗

Synchro ↗
2026 | team of 5

Speculative system exploring time as geopolitical infrastructure.

- Designed the interaction flow of the device and companion web app; technical lead on firmware and data pipeline (ESP32, Google Sheets).
- Relabelled the central button after prototype testing showed users read it as confirming one category instead of the whole day.
- Observed 87 of 200+ visitors using the device at the Undeclared exhibition (Dotdotdot, Milan, July 2026).

Exhibited in Undeclared at Dotdotdot, Milan (July 2026) ↗

Plastify ↗
2025 | team of 4

Interactive site for producer and DJ Plastica, with Asian Fake Records

- Team leader: UI/UX design and front-end build, Figma to Webflow with CMS and custom code
- Designed and developed the object-to-sound navigation model that structures the whole site
- Shot the on-location studio photography that became the site's homepage

Live at: plastify.webflow.io ↗

Philo ↗
2024 | team of 6

Service design project for personalised cultural experiences, built around an AI guide.

- Ran quantitative and qualitative research: 291 survey responses plus field interviews
- Built personas, audience clusters and journey maps
- Designed the end-to-end app UX: information architecture, user flows, wireframes and final interface

Education

Politecnico di Milano
Sept 2023 - July 2026

BSc Communication Design

Coursework: product and UX/UI design, service design and creative coding

Final grade: 110/110 | GPA: 29.15/30

Università di Trento
Sept 2019 - Aug 2022

Environmental Engineering studies

Coursework: statistics, algorithms and programming, systems analysis and quantitative data handling

Skills

UX Research
Quantitative & Qualitative research, User interviews, Personas & audience segmentation, Competitor analysis & benchmarking, Journey mapping & experience mapping

UX/UI Design
Sketching & ideation, Wireframing, Information architecture, Design systems, Interactive prototyping, Usability testing

Web Design & Development
Responsive web design, Front-end development Creative coding, CMS implementation

Brand & visual
Visual identity systems, Brand guidelines, Editorial design, Art direction

Content Production
Photography, Video production, Drone footage production

Physical Computing & Prototyping
Electronics, 3D modelling, 3D printing

My stack

UX/UI & Product Design
Figma, FigJam, Webflow, Framer, Google Analytics

Visual & Motion Design
Adobe Illustrator, Photoshop, InDesign, Lightroom, Premiere Pro, After Effects, Figma Motion, Canva

Front-end Development & Creative Coding
React, TypeScript, JavaScript, HTML/CSS, p5.js, Python, Arduino (C++)

3D & Prototyping
Spline, FreeCAD

Collaboration & Productivity
Miro Microsoft 365 (Word, Excel, PowerPoint)

Languages

Italian | Mother Tongue

English | C1
IELTS 7.0
Speaking, writing: Fluent
